

LASD RESERVE CLASS REVIEW

Class I10

Level II Module

September 10, 2007 to February 11, 2007

Based on a Course Roster located by LASD Staff

For Fiscal Year, 2007/2008 LASD was certified to present a Level II Module. During that time, three classes were presented and one class was cancelled. The dates of the classes were November 4, 2007 to February 4, 2008 at Whittier with a Past Due Roster, April 20, 2008 to July 15, 2008 at Santa Clarita with a Past Due Roster and April 20, 2008 to July 15, 2008 at Whittier also with a Past Due Roster. None of these classes matches the Course Roster located by LASD staff dated September 1, 2007 to February 11, 2008. This class was identified as a "West Extension Satellite." The actual locations of training varied. An instructor (William Torley) provided LASD and POST staffs with a list of dates and locations he was assigned to teach. He retrieved the dates from his personal calendar. The teaching dates started on August 31, 2005 and ended on July 13, 2008. Torley listed dates, times, the classes taught, and locations. He also identified five locations where he taught "Special Classes". They include:

Four Seasons Hotel
300 So. Doheny Drive
Beverly Hills

Holiday Inn
1020 So. Figueroa
Los Angeles

Pasadena Marash Center
463 Martelo Ave.
Pasadena

Fox Studio's
10201 W. Pico Blvd.
Los Angeles
(At various locations on the lot)

Glendale Police Department
131 No. Isabel St.
Glendale,
(For combined driver training Lecture by LASD EVOC Staff)

None of the above locations were identified on the Course Reports. POST staff was not aware of the locations and for that reason; inspections of the training sites did not occur.

On the original roster dated September 10, 2007 to February 11, 2008 there were 16 students listed. On the "corrected roster" there are 15 students listed. The student taken off the roster was [REDACTED]. There is an agency specific student roster provided by LASD staff, it is identified as "Class 110 West" also on the heading is "Sat Class – As of 11-19-07" the 15 students on the corrected roster are listed as well as three instructors Phil Luna, Rick Los and [REDACTED].

Because a POST did not receive a Presentation Request for this course, it does not appear on the students' POST Profiles.

Upon completion of the Level II Module on February 11, 2008, six students were identified as Level II Reserves on their POST Profiles. They are [REDACTED].

There are eight students that appear on the roster whose profile was not changed to Level II. They are; [REDACTED]. The roster indicates these students failed the course due to a double fail on the PT Test. This is an academy specific test; POST does not require PT in the Level II Module.

One student [REDACTED] also was not elevated to a Level II Reserve; his profile identifies him as a Level III reserve however, no Level III Part 2 appears on his profile.

NOTE:

[REDACTED] was already a Level II Reserve under the Reserve Module A, B and C system. According to his POST Profile, he completed a Level III Module that ended on November 19, 2006. On February 11, 2008, the last day of this class, [REDACTED] was again identified as a Level II reserve.

[REDACTED] was later identified as a Level I Reserve on July 29, 2008. There is no Level II or Level I Module Listed on [REDACTED] profile.

A Level I Module that was conducted from March 15, 2008 to July 29, 2008 was reviewed. This was another "West" class with four students, one of which was [REDACTED]. The class was identified as "Class # 113".

It does not appear that Class 113 met POST Standards.

LASD staff provided a course binder with the following items; LASD Test Administration Procedures, Instructor Resumes, an original Course Roster, a corrected roster, an agency specific course roster, a Level II LASD Hourly Distribution dated January 1, 2007, a Course Schedule, Training and Testing Specifications, an Expanded

Course Outline, a copy of multiple test Scantron answer sheets, and “West” range score sheets.

The Expanded Course Outline included LDs 3, 4, 6, 7, 8, 9, 10, 13 (not required), 15, 16, 17, 18, 20, 21, 22, 23, 26, 27 (not required), 30, 32 (not required), 33, 35, 37, 38 (not required), 39, 40, 41, and 42.

The Training and Testing Specifications included LDs 12, 13, 28, 30, and 41. LDs 12, 13, 28, and 43 are not required in Level II. They are included in the Level I Module.

There was no Course Announcement for a “West” location. No “West” location was reviewed or approved by POST staff.

There is an agency specific Test Security Policy however no Attachment A’s for instructional staff can be located.

None of the students appears in the POST testing system. The results of the search indicate “No scheduled tests”

LASD RESERVE CLASS REVIEW

Class 112

Level III Module

Based on a Course Roster for CCN 1820-00133-07001 (West)

March 16, 2008 to April 6, 2008

LASD Corrected Roster

March 16, 2008 to June 30, 2008

Additional LASD Roster

March 16, 2008 to May 6, 2008

January 1, 2007 all Modular Format presenters were required to complete the update of the Level III Module. Prior to this date the Level III Module was presented in two parts; the PC 832 Course and Level III - Part 2.

LASD did not complete the update process and was not authorized to present any Module III classes until the certification process was complete. Without completing the update process, Course Announcements and Course Rosters could not be entered into the POST System.

POST staff including the Area Consultant, the Staff Analyst who was responsible for reviewing Level III Module courses and the Modular Format Coordinator were in contact with Sergeant Phil Luna numerous times prior to and after January 1, 2007. Sergeant Luna was told he could not present a class until he successfully updated the course. During May of 2007, Luna attended a Modular Format presenters meeting. Members of the group were advised of and participated in the Modular Format Update changes, which were implemented July 1, 2008. In June of 2007, Luna attended a Modular Format Workshop. During the workshop, participants were taught how to successfully update their Modular Format courses. During June 2008, he participated in the Basic Course Scenario Management Training. At no time during these meetings did Luna notify POST staff that he was presenting classes and he specifically did not ask to present classes in locations other than those currently approved.

POST staff learned this course was primarily conducted off site and may have been presented in one or more of the following five locations.

Four Seasons Hotel
300 So. Doheny Drive
Beverly Hills

Holiday Inn
1020 So. Figueroa
Los Angeles

Pasadena Marash Center
463 Martelo Ave.
Pasadena

Fox Studio's
10201 W. Pico Blvd.
Los Angeles
(At various locations on the lot)

Glendale Police Department
131 No. Isabel St.
Glendale,
(For combined driver training lecture by LASD EVOC Staff)

None of the above locations was identified on the Course Reports. POST staff was not aware of the locations and for that reason; inspections of the training sites did not occur.

LASD staff provided a Course Announcement (not previously submitted to POST) for a "Level III Regular Basic Course Modular Format" starting on March 16, 2008 and ending on April 6, 2008. There are four versions of the roster for this class:

- 03/16/08 to 04/06/08 – Partial CCN 1820-00130
- 03/16/08 to 06/30/08 – Partial CCN 1820-00130
- 03/16/08 to 04/06/08 – CCN 1820-00133-07001
- 03/16/08 to 05/06/08 – CCN 1820-00133-07001

POST staff has a Course Report listing five presentations for Level III Modules with 175 minimum hours all have Past Due Rosters. The only presentation that coincides with the dates of this class is 07001, March 16, 2008 to May 6, 2008 which is shown as being conducted at Whittier with a Past Due Roster.

Note: Because this course was not a certified course (at that time), no participants have the training reflected on their POST Profiles.

LASD staff provided an Hourly Distribution, which listed a total of 175 hours, a Course Schedule titled "Westside" and an Expanded Course Outline. The Expanded Course Outline includes all the Learning Domains in the Level III Module; but it is not developed to the third level of detail as required.

LASD staff also located test scores for the class. All students took tests but there were some problems. [REDACTED] did not take LD 2. He is however, shown as passing the course with 100% attendance. [REDACTED] is listed as a Level III reserve at LASD.

██████████ failed LD 34 (First Aid). There is no score documented to show he passed a remedial test. ██████████ is also a Level III reserve at LASD. ██████████ also failed LD 34 and there is no evidence of a re-test. He is also a Level III reserve with LASD. Finally, ██████████ has no record of taking LD 36 (Information Systems). He is a Level III reserve with LASD.

LASD staff was not able to provide Safety Guidelines for the Modular Format Courses. While conducting a search through POST records staff was able to locate General and Specific Safety Guidelines for this class.

Course summary:

Below is a list of Learning Domains. The first column identifies the Learning Domain by number, the second column gives the Domain description, and the third lists the instructor (if identified), the fourth includes the minimum hours mandated by POST and the fifth column includes the total hours identified by LASD for that Learning Domain on their Hourly Distribution.

**Class I13
Level I Module
March 15, 2008 to July 29, 2008**

This class included four students (refer to attached roster). The class does not appear in EDI. Each of the four students are now shown as Level I Reserves per their POST profile, however they do not show completion of the Level I Module.

Prior to July 2007, all presenters were advised that they were required to populate their courses into the EDI system. Because the course was not entered into EDI it was placed into inactive status effective March 4, 2008.

All classes scheduled for training between March 4, 2008 and June 30, 2008 were canceled by POST for failure on the presenters' part to enter the course certification into the EDI system. Once a course was entered into EDI it was placed back on active status and the presenter was required to reenter all training course dates back into EDI.

Had anyone tried to enter a presentation request into EDI the person would have seen "Cancelled" with the notation "Reason for cancellation: Course changed to inactive status effective 03/04/2008."

Course summary:

No Expanded Course Outline provided.

The POST Minimum hourly requirement for the Level I Module is 340 hours. The LASD hourly distribution provided shows 356 hours. The hourly schedule for the actual course indicates 343 hours.

The class started on March 15, 2008, the Level I Entrance Examination, for the four students, was submitted on May 23, 2008. All students must take the Level I Entrance Examination prior to entry into the next Level.

There is no Expanded Course Outline. Notes from the class were provided by [REDACTED]; the notes were limited at most and included copies of POST Workbooks. The Workbooks included LDs 4, 11, 13, 21, 24, 25, 28, 33, and 38.

The Hourly Distribution provided by LASD does not match the course schedule. The course was developed from old Training and Testing Specifications and did not include changes to the January 1, 2008 Training and Testing Specifications (TTS).

This explains many of the problems listed below.

LASD staff was not able to provide Safety Guidelines for the Modular Format Courses. While conducting a search through POST records staff was able to locate General and Specific Safety Guidelines for this class.

Course summary:

Below is a list of Learning Domains. The first column identifies the Learning Domain by number, the second column gives the Domain description, and the third lists the instructor (if identified), the fourth includes the minimum hours mandated by POST and the fifth column includes the total hours identified by LASD for that Learning Domain on their Hourly Distribution.

Instructor William Torley provided LASD personnel with his teaching schedule from his personal Palm Pilot. The schedule was compared with his personal calendar.
